About me

Passionate and dedicated MERN Stack Developer with expertise in building dynamic web applications using modern technologies like React.js, Node.js, Express.js, and MongoDB. Proven track record in developing highly interactive and responsive front-end interfaces, crafting efficient RESTful APIs, and managing scalable NoSQL databases.

Experience

Rawattech Consulting & Solution Pvt Ltd | Project Engineer **2023 – Present**

- Engineered and launched a suite of high-performance front-end applications utilizing React, achieving a remarkable 40% decrease in page load times while enhancing overall user satisfaction across the platform.
- Developed and integrated RESTful APIs using Node.js and Express.js, ensuring seamless communication between the front-end and back-end systems.
- Developed pixel-perfect, smooth UIs across desktop and mobile platforms, converting wireframes into usable and responsive web interfaces.
- Designed and built an admin panel using modern web technologies, ensuring scalability and performance optimization.

Education

Anand International College of Engineering **2019 – 2023**

Bachelor of Technology

Shri Maheshwari Senior Secondary School **2018 – 2019**

Senior Secondary School
